

## **Intern – Advance Capital**

[Advance Capital](#) is the leading independent investment bank in Russia. We focus on M&A as well as equity/debt financing transactions for mid-cap and large-cap companies in Russia & CIS. Over 16 years of the company's existence, we have successfully closed more than 80 transactions worth more than \$3 billion.

According to Mergermarket, Advance Capital was ranked first among investment banks in Russia in terms of the number of closed transactions in 2023. Namely, in 2023, we've closed 8 transactions, including such landmark deals as the sale of NSG Group's Russian assets to FSK, and the sale of Magna International's Russian assets (Magna is a Fortune Global 500 company).

Furthermore, since 2022, we have been developing several new business lines, including Industry & Equity Research as well as Equity Capital Markets.

Advance Capital seeks candidates for a six-month paid internship who will have a chance to work on M&A, ECM and Research projects (primary focus).
